

BUZZARD

WORLD PREMIERE

BUZZARD*

/ ' bʌzəd/

A Majestic and fierce bird-of-prey, determined to provide and protect its family.

Being the second vehicle built on the OMEGA (Optimal Modular Efficient Global Advanced) Architecture , which is derived from Land Rover's legendary D8 platform, and the IMPACT 2.0 Design language, the BUZZARD** – Geneva Edition will be the flagship SUV from Tata Motors taking forward the new standards of SUV in India, created by the OMEGA Architecture earlier this year with the Harrier. A global SUV, which is the true personification of luxury and power, the BUZZARD – Geneva Edition has an aura that captivates.

With its majestic stance and unmatched performance, the BUZZARD – Geneva Edition is designed for those who inspire and lead. It is an elegant fusion of presence and personality as well as luxury and performance. The BUZZARD – Geneva Edition is a masterpiece, carefully crafted with exciting proportions, expressive surfaces, futuristic safety features and extraordinary attention-to-detail. Designed for the discerning with the perfect balance of exclusivity and functionality, the BUZZARD – Geneva Edition is the epitome of Opulence, the perfect balance of stature and character for those who focus on the finer things in life.

- **PERFORMANCE THAT ELEVATES** - The legendary pedigree of the OMEGA ARC and the strength of the KRYOTEC engine blend to put up a performance worthy of a maestro.
- **DESIGNED FOR THE DISCERNING.** - The IMPACT 2.0 Design language turns every line and curve into a carefully sculpted masterpiece.
- **LUXURY, CRAFTED** - Its ergonomic interiors, designed with panache and crafted with the finest materials, is the epitome of true artistry.
- **TECHNOLOGY, TRULY IN VOGUE** - Truly superior connectivity with an infotainment system that puts the art in state-of-the-art.
- **SAFE AND SAUVE** – The robust strength of the OMEGA ARC combined with top of the line safety features, promise to deliver absolute safety.
